# ANNUAL TOWN REPORT

*Troy, New Hampshire (Cheshire Railroad Co. 1875)*

*1875*

## TROY, NEW HAMPSHIRE

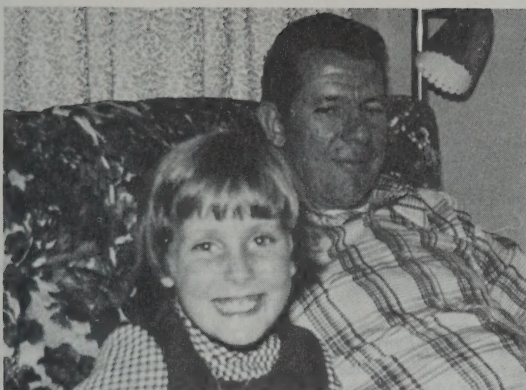

### 1982

*University of New Hampshire Library*

Year ending December 31, 1982

## **DEDICATION**

### **WILLARD MORTON**

We dedicate this year's Town Report to Bill Morton who passed away after a short illness.

Bill had been a selectman in town and was a member of the Troy Budget Committee and Troy Fire Department at the time of his death.

Bill's dedication to the positions he held on various boards and committees will always be remembered. He liked Troy and stepped forward with his ideas to help improve the town and to assist others in making Troy a better place to live.

As a fireman, Bill was an inspiration to newer members by his reliability in showing up for every call when he was in town and his interest in keeping the Fire Department a first class organization.

Bill's advice and assistance to the town of Troy will be missed by many.

## IMPORTANT NOTICE

---

### NOTICE

By State of N.H. Statutes. Every owner or keeper of a dog three months old or over shall annually cause it to be registered, numbered, and licensed for one year from the first day of June.

**RABIES CERTIFICATES ARE REQUIRED PRIOR TO LICENSING.**

### DOG WARRANT

*To: Animal Control Officer,*

You are hereby directed to proceed starting 1 July with the seizure of any unlicensed dog. Complaints received on unrestrained dogs running at large are also subject to seizure.

The pickup fee for unlicensed or unrestrained dogs will be \$15.00. Dogs will be held in Town holding facilities for a period of up to 7 days at a fee of \$3.00 per day for each day dog is held. Veterinary fees, where necessary will be at owners expense.

The Town of Troy will assume full title to dogs not claimed after 7 days.

Licenses may be obtained from the Town clerk and are requested to be obtained prior to or upon payment of Town Resident Tax.

Per Order: SELECTMEN TOWN OF TROY, N.H.

Dog Owners:

The above was sent to every resident of the Town of Troy in May 1982.

At the **present time** only 1/4 of the dogs in town are registered. This results in an unfairburden to the the persons who do register their dogs, and also results in lost income to the Town.

Please register your dogs as soon as possible. This can be done with the Town Clerk during regular office hours.

Members of the Board of Selectmen  
Town of Troy  
Troy, New Hampshire

Dear Selectmen:

I have examined the financial statements of the Town of Troy for the year ended December 31, 1981, and have issued my report thereon dated December 10, 1982. As a part of my examination I reviewed and tested the Town's system of internal control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgements by those managing the Town's affairs.

These are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness or any other of several factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by those managing the Town's affairs with respect to the estimates and judgements required in the preparation of financial statements.

Further projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

My study and evaluation of the Town of Troy's system of internal accounting control for the year ended December 31, 1981, which was made for the purpose set forth in the first paragraph above, would not necessarily disclose all weaknesses in the system. However, such study and evaluation disclosed the following condition that I believe to be areas which need updating and improvement.

WATER DEPARTMENT

The system of accounting control in the Water Department was not adequate to meet current and future needs. Control over billing and cash receipts did not provide satisfactory control of the revenue earned by the Department.

The accounting system has been changed to correct some of the problems. However, I recommend that the Commissioners consider additional study and evaluation of the accounting controls to ensure that proper record keeping is in place. This will be of more importance when billings for sewer useage commences.

The Water Department should bill the Town for services that it provides to the Town Hall and for the water hydrants. The Town should also charge the Water Department for services that it provides, such as rent and utilities. These intergovernmental charges would assist in determining accurate rate structures for the Department.

Fixed asset additions should be capitalized and depreciated as required by generally accepted accounting principles. This would also assist in determining accurate rate structures.

#### LIBRARY

The bank account does not appear to be reconciled to the checkbook and to the cash journal. Such reconciliation is an essential control process and should be done on a timely basis each month.

I also recommend that the cash journal be expanded to cover all major account classifications.

#### TRUST FUNDS

The accounting records of the trust funds are incomplete. Supporting details do not reconcile to reported totals and a small number of certificates cannot be located. These problems have developed over many years and have compounded as time has passed.

I recommend that a detailed review of the trust funds be implemented and supporting details be reconciled to reported amounts. State law requires Trust Funds to be properly accounted for and accurately reported.

#### TAX COLLECTOR

In several instances interest and penalty charges were not charged on overdue tax accounts. State law stipulates that interest and penalties be charged and collected on late tax payments.

After you have had an opportunity to consider my findings and recommendations, I shall be pleased to discuss them further with you. The provisions of R.S.A. 71-A:21 require that this letter be published in the next annual report of the Town.

I would like to thank you for the cooperation and courtesy given to me during the course of the engagement.

## REPORT OF TROY WATER AND SEWER DEPARTMENT

---

1982 was a busy and productive year for the water/sewer department. The sewer piping system and the School Street sewer pumping station were both completed and tested. Construction was begun at the Dort Street extension wastewater treatment plant and adjacent lagoon system (the target date for the completion of the treatment facility is June 1, 1983).

A sewer ordinance for the Town of Troy was drafted and accepted, a number of fire hydrants were repaired or replaced and the ongoing program of water meter repair, updates or replacement was continued.

Additionally, the department's record - keeping and accounting system were modernized and approximately \$10,000.00 in outstanding water revenue was collected.

#### PUBLIC WELFARE DEPARTMENT

---

Welfare aid to qualified recipients has again increased over 1981.

Direct aid expended by Troy Welfare increased by \$531.77.

Payment to State of N. H. increased by \$8,707.31.

The drastic increase paid to the State of New Hampshire is due to reduction in Federal and State aid to the Town.

This department will continue to screen and investigate each applicant requesting aid.

The work program will continue as in the past.

Respectfully submitted

Elmer E. Gladding  
Welfare Officer

## SELECTMEN'S REPORT

---

This year the selectmen are proud to report that for 1982 the tax rate in Troy remained the same as it was in 1981. To accomplish this in the present economy took a lot of hard work, re-adjustments of priorities, and tighter restraints on department operating policies.

In some departments we now use purchase orders to assist in more efficient operation. At the present time we purchase our fuel oil for all town buildings through the Southwest Planning Commission, who have put together a competitive bid system for different products, and have made these products available to the town at a great savings. As the service expands we hope to save on expenses.

As you know 1982 was the year that we changed to semiannual billing of property taxes. Also we have put the data necessary on the Southwest Planning Commissions computer to do the resident and property taxes. This calendar year we should see some savings in expenses because of this action.

The sewer project is well on the way to completion. Hopefully operation of the plant will start in about July of this year. Your five member board of Water Sewer Commissioners will keep you abreast of the progress and what will have to be done. The selectmen suggest that any questions you have on the sewer hook-ups and rate fees etc. be referred to the water sewer board.

You will see an article in this year's warrant to raise funds for the Industrial Development Committee. These funds are needed for the committee, which we hope will be able to attract a business or businesses to Troy. The area for industrial development is near the sewer plant at the end of Dort Street. We have for years relayed the need to increase our tax base and feel that the time to do it is now and the vehicle is the Industrial Development Committee.

We urge the participation of residents in various Committees and projects in the town. Good people are needed, and new faces.

"Skipper" Raymond Woods Jr. has made three flower gardens available around the common in three triangular plots of land and has made window boxes for the town hall. The senior citizens have agreed to plant the flowers in the window boxes and the gardens. We hope that this project will improve the beauty of the center of our town and we thank "Skipper", and the Senior Citizens.

Finally the selectmen want to thank the citizens of Troy

for their patience in putting up with the sewer construction over the past year. The end results will not only take care of our sewers but will leave us with much improved roads in many areas of town. Hopefully with careful planning we can continue to improve other sections of road, using the same process.

We will be asking for volunteers this year for advise and assistance on different projects. Hopefully when we do people will come forward to offer their time and assist in improving the town and new projects.

## TROY LANDFILL

---

The town of Troy is very fortunate to have Mr. Arthur Hurst as "Job Boss" at the "town dump."

Mr. Hurst, 77 years young, puts many hours of labor into his job in supervising the landfill and in operating the bulldozer in a professional manner to keep our landfill within the requirements of the state laws.

Mr. Hurst performs his duties at a very modest pay for the excellent services rendered to the town.

The selectmen are proud of the landfill operation and the low cost and efficiency of its operation, compared to landfills in other communities of comparable size.

The town of Troy operates its landfill at the lowest cost to the tax payer, when compared to towns of equal size or even to towns of a population of 4000. Our population is 2,138 for practical purposes.

With this in mind, we ask that the residents of Troy continue to recycle as much as possible. This creates modest income to the town and greatly increases the life of the landfill.

We also ask that metals, burnables, and non-burnables continue to be placed in their correct locations.

Please do not throw "hot coals" from wood or coal fires in the landfill.

If a person is remodeling, or has a special trash problem that occasionally arises, please call Mr. Hurst for assistance.

The selectmen thank Mr. Hurst for excellent work performed at the landfill, and hope that we will be the "Job Boss" for many more years.

Selectmen of Troy

## REPORT OF ROAD AGENT

---

This past year the highway department was hit with a very expensive snow removal operation in the first four months of the year. This used up over 50% of our highway appropriation. With the money left we had to do labor related jobs, ditches, brush cutting, and installing culverts. We cut back to 2 men in April to assist in the department having enough money for the rest of the year. Also no over time was worked and paid for.

Our big project was the purchase of culverts to replace existing culverts on roads that were being reconstructed because of sewer pipes. On these streets there were sections that would not have been done where they did not install sewer pipes. To make for a better job, and streets we used about \$7500.00 of Town Road Aid money from the state to do the job.

Some hours were spent at the landfill, the recreation facility, and time at town buildings improving the sites. We feel that we did pretty well in finishing the year within our budget.

Last year we voted to use Capital Reserve money to obtain a used truck. As of now a good used truck has not come on the market.

We have saved our special highway fund about 9,000+ accumulated from 1981 and 1982 to be used for road improvement. If we receive the amount from the state this year which we plan on we will try to do another stretch of road.

Our appropriation this year is the same as last year so that our jobs again will be mostly labor oriented.

## LIBRARIAN'S REPORT

---

We appreciate the generous efforts of those who helped the library during the past year. There were many who donated books and magazines; who gave hours of work and clean-up time; who made the outdoor bulletin board both attractive and informative, and those who presented and assisted in the programs and demonstrations we offered. Our thanks to Mrs. Jean Whitcomb and Miss Amy Marrotte who managed the summer reading program for children.

Miss Kelly Highter resigned as library aid in August to take a full time job. Miss Janet Hazelton has been appointed to the position. Mrs. Darcy Doyle has served as back-up when necessary, and has been generous in volunteering her time for book mending.

The Ripley Room continues to serve as a reading and study room and as a meeting place for local organizations. The children's books are still housed there, but we hope to have the downstairs in condition to use once again. The movie and filmstrip projectors have been loaned frequently.

A most welcome addition to our collection is the new State Library van service which will visit twice a year bringing us a selection of books on loan. The library offers you many services, and many more which we can bring you. The latest cooperative service is a Community Health Collection, held in our area at the Keene Library. If a patron requires certain medical information an inter-library loan request goes to Keene; if necessary, they will contact the Cheshire Hospital. If the hospital cannot supply the information, they will relay the request to the Dartmouth-Hitchcock Medical Center in Hanover. This arrangement should bring all the required information. This is, of course, not a diagnostic service.

The library was under "siege" by the sewer project from June until November. During most of this time we were without water and telephone service. Twice we were forced to close for lack of electricity, and parking spaces were largely non-existent; nevertheless, we managed to weather it all and loaned 7,591 books and magazines.

The library hours remain unchanged:

Tuesday	3:00 - 7:30 P.M.
Wednesday	3:00 - 7:30 P.M.
Thursday	1:30 - 7:30 P.M.
Saturday	2:00 - 5:00 P.M.

The telephone number is : 242-7743

## REPORT OF THE TROY FIRE DEPARTMENT

---

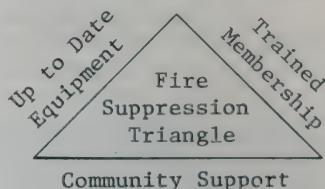

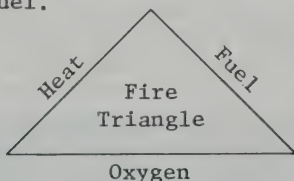

This past year has seen fewer fire emergency calls than in the past. Troy suffered no major fire loss during the year.

We credit this good fortune to the citizens of Troy, for their awareness to fire hazards at their homes and at their places of work and for seeing to it that the hazards are removed.

Once again, this past year, wood stoves caused chimney and partition fires which threatened to cause many thousand of dollars worth of damage to Troy residents' homes.

People using wood as a heating fuel must plan for the timely checking of their equipment to see that it is operating in a safe manner. Once a month the chimney and stove pipe should be checked along with the walls around the stove for any sign of over-heating. Your hand is a good tool. If it's uncomfortable to leave it on the wall then something must be done to correct the problem.

In high school science class, and in fire service training programs, we learn about the fire triangle. The elements which must be present to support combustion or have a fire are: heat, oxygen and fuel.

Let's look at another triangle. This one we can call the fire suppression triangle, and its three sides are made up of the following elements; a well-trained fire department membership, well kept and updated equipment and community support. All three are required to have an effective fire department. We believe the Troy Fire Department demonstrates these elements and is an effective fire suppression service.

We wish to thank the membership for their quick and professional responses to alarms, for the help we have received from other town departments, and for the support received from the citizens of Troy.

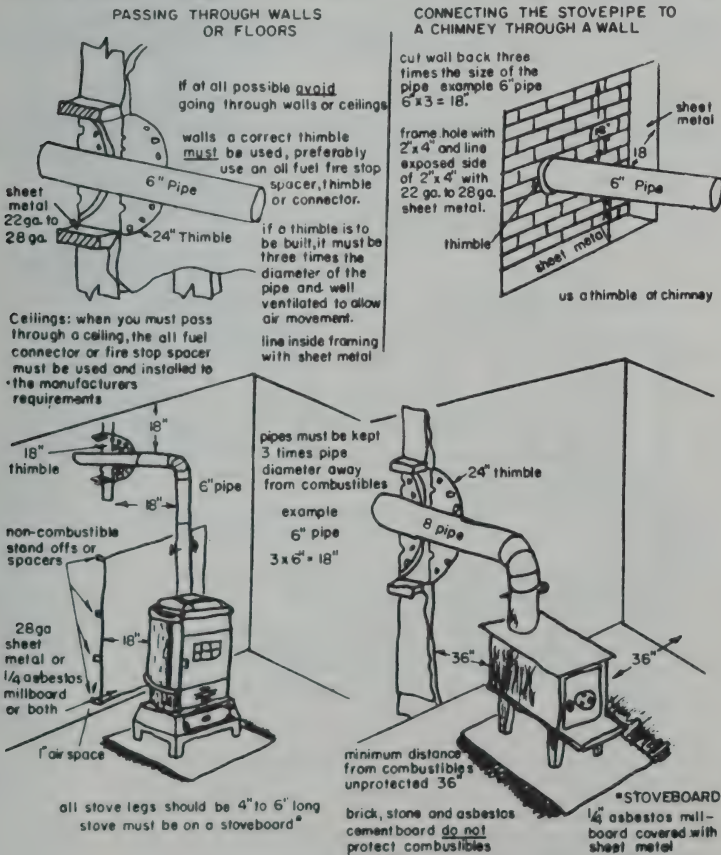

The department invites any interested person to visit the fire station for Saturday morning breakfast from 6:30 A.M. til 10:00 A.M. or to the Sunday morning radio check at 10:00 A.M. til 11:00

## TROY FIRE DEPARTMENT WEEKLY BREAKFAST

To the residents of Troy we offer the following information.

For over 5 years your fire department has served breakfast from 6 a.m. to 10 a.m. every Saturday morning.

The breakfast is open to the public and offers very reasonable prices.

Profit made on the weekly breakfast goes to buy equipment, improve the fire station, and to assist worthy projects and need in the Town of Troy.

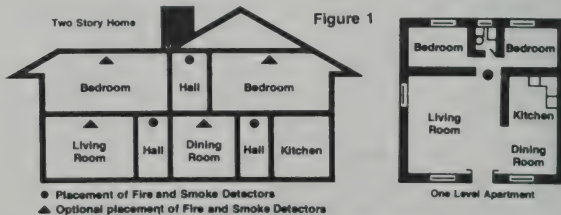

We can say that the fire department through these breakfasts have saved the town thousands of dollars in tax money.

We offer an invitation to all to stop by and enjoy a good wholesome meal, get the latest news and relax on Saturday mornings.

In spirit of cooperation, the Fire Department and the breakfast committee offer the service of the Saturday morning breakfast to local organizations to assist them in their fund raising projects for the Community.

Try us, you will like it.

### The Breakfast Committee

However, to provide the earliest possible warning, the detector should *not* be placed in "dead air spaces." These are areas where there is little or no air circulation.

To avoid dead air spaces, follow these simple guidelines: (See Figure 2)

- Place at least 12" from the wall, if ceiling-mounted.
- Place 6-12" from the ceiling, if wall-mounted.
- In mobile homes, the U.S. Department of Housing and Urban Development (HUD) recommends locating a wired-in smoke alarm on an inside wall in the hallway between living room and first bedroom. Battery-operated smoke alarms may be used for additional supplementary protection.

#### Where NOT to put it:

- Do *not* install detector in unheated areas or in locations where ambient temperatures exceed 100°F.
- Do *not* put the detector in or near kitchen or oil burner. Normal cooking activities will trigger the alarm.
- Do *not* install directly adjacent to heating or cooling vent, or where open windows or doors create high air flow.
- Do *not* install in garages where fumes would trigger the alarm.

## TROY POLICE DEPARTMENT

---

On April 1, 1982, I reassumed my duties as Chief of the Troy Police Department after a lengthy absence. I would especially like to thank Elmer Gladding and the officers and staff of the Troy Police Department for their continued work and dedication.

Currently, the Town of Troy has one full-time officer (myself as Chief of Police) and five part-time officers, all of whom are certified part-time police officers registered with the State of New Hampshire. This certification is in compliance with the state law governing part-time police officers in the State of New Hampshire.

Just as the economy has affected each household, it has also had an effect on the police department budget. Unfortunately, as the economy worsens, the level of crime increases adversely. Therefore, I would like to thank everyone who has supported this department in the past year. It is greatly appreciated.

I would also like to take this opportunity to ask all residents of the Town of Troy who own dogs to be sure they are licensed for the coming year and to remember that we do have a leash law.

## CONSERVATION COMMISSION

---

The Conservation Commission meets at the Town Hall the 1st Tuesday of the month at 7:30 P.M. Any interested residents are welcome to attend the meetings.

The completion of the sewer project this year re-emphasizes the importance of the natural water course formed by the South Branch of the Ashuelot and its tributaries. We are looking into the area where the stream flows through the center of town as a possible site of an in-town park or some other form of protection. A goal of the Commission in 1983 is to be able to report to the town next March concerning any recommendations for the protection of this valuable resource.

We are continuing our work with the Bureau of Solid Waste Management concerning any possible ground water contamination in Town. We are also working with officials in Swanzey and Richmond concerning the protection of the Seven Falls and the "Cheese-Cut" in the Southwestern corner of Town.

We are looking forward to an active 1983.

Peter Howe, Chairman  
John Callahan, Sr.  
Bradley Beaudoin  
Robert Harkins  
Barrett Ripley  
Gary Lang, Selectmen Rep.

## TROY PLANNING BOARD

---

The Planning Board is now meeting on the first and Third Wednesday of each month at 7:30 P.M. in the Town Hall. The change in the meeting was due to other commitments of some of the board members. Residents are always welcome.

On March 9, 1982, the townspeople voted for changes in Articles III, IV, VI, VII, AND XV of the zoning ordinance.

A total of six subdivisions and one boundary line adjustment were approved bringing in a total of \$280 to the town treasury.

Robert W. Eisele, Chairman  
Troy Planning Board

## WAR MEMORIAL - RECREATION COMMITTEE REPORT 1982

---

The summer program at Sand Dam comprises the major portion of the War Memorial budget. The past few years have seen the program branch out into craft and non-aquatic activities, as well as offering Red Cross swimming lessons. The program is set up primarily for grammar school age children and provides a safe and interesting way to spend summer days.

In addition to swimming lessons, the 1982 program included hikes, corn husk dolls, pinatas, field trips, croquet and volleyball games on the beach. The end of summer penny carnival was well attended.

Attendance dropped due to sewer construction; hopefully that won't be a consideration this year.

The Thursday night movies were popular and are planned for summer '83 also. The committee would like to thank the businesses and organizations that provided financial assistance in that endeavor.

The Rec committee meets the second Tuesday of every month, at 7 pm at the Town Hall. Interested townspeople are always welcome--please feel free to offer suggestions to any member of the committee if you are unable to attend in person. We would like to encourage people to get involved with the program--it directly benefits your children.

Committee members: Lynn Smith, Dennis Poirier, Lori Hale, Cliff Wilson, Peggy Rouleau, George Foskett

1983

TO OUR LOYAL PATRONS:

1983 is here already and our ambulance is nearing its' eighth anniversary. It seemed such a short time ago, that we as TEASI members, felt we had climbed all the hills and made it over all the hurdles, - and we did. But life has a way of repeating itself, and it is now time to do it over again.

With continual thanks to you, our supporters and to our financial administrator, we are very close to our goal of purchasing a new ambulance. As you will have noticed, we have a warrant in this year's town meeting for the town to purchase a new ambulance for \$40,000. This is "a swapping" of funds only, as the ambulance corporation will give the town back the \$40,000 upon purchase. The town then owns the vehicle for housing and registration purposes, but is leased to the TEASI Corp. for a lifetime - therefore insuring you of having one of the best ambulances services in the area. And it is still "tax-dollar" FREE. We are very proud of this fact that even with the inflation of the past years, we are still a free service to you and we are fighting to stay that way.

Although purchasing a new ambulance is on the top of our list, we are still active in other areas - namely - keeping up with our education and relationship with the hospitals. We have added new members to our ranks and new up-dated equipment has been added to our present equipment. Our volunteer crew is still on call 24 hours a day, 7 days a week. All of this has been done with one thought in mind, you, our patient.

As President of TEASI, I would like to take this opportunity to thank all of you, for your continued support and faith in us. Also, a big thank you to the men at Mutual Aid, and a very special thank you to the members of TEASI, who are ever-faithful.

Remember - we are only a phone call away, please call us at 352-1100, and let us turn your emergency into a non-emergency.

Ray Woods  
President  
TEASI

Passed as read.

Article 20. To see if the Town will vote to rescind the article that was voted to abolish the Board of Fire Wards and re-establish same. (by Petition) This article was originally voted in 1965. No Action.

Article 21. To see if the Town will vote to authorize the Selectmen to establish the Art Festival Committee as an official Town Function.

Motion was made to amend the Article to read: To see if the Town will vote to authorize the Selectmen to establish a Temporary Arts Festival Committee as an official Town Function. Amendment defeated. Article passed as read.

Article 22. To see if the Town will vote to reopen 350 feet of South Main Street from the Fitzwilliam/Troy Town line in a northerly direction. This portion of South Main St. is presently closed subject to gates and bars. The 350 feet to be reopened will remain a gravel road. Passed as read.

Article 23. To see if the Town will vote to allow the Selectmen to withdraw \$2,632.75 from the Soil Map Capital Reserve Fund to pay for the Soil Map when completed and to allow the Selectmen to withdraw the remaining amount of principal and interest from the Soil Map Capital Reserve Fund, and deposit it in the Town General Fund. Passed as read.

Article 24. To see if the Town will vote to allow the Selectmen, in cooperation with the Planning Board, to write a sign ordinance for the Town of Troy. Public hearings will be held and publicized before the ordinance is officially adopted and enacted if this article is passed. Passed as read.

Article 25. To see if the Town will vote for semiannual tax bills to save interest on borrowed money. Passed as read.

Article 26. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b. Passed as read.

Article 27. To see if the Town will vote to authorize the Selectmen to apply for Federal Funds with the Assistance of the New Hampshire Department of Resources and Economic Development. Passed as read.

Article 28. To see if the Town will vote to authorize the Selectmen to borrow money to pay charges and the interest thereon. Passed as read.

Article 29. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by Tax Collector's Deed by public auction (or advertised sealed bid) or in such manner as determined by the Selectmen as justice may require. Passed as read.

Article 30. To hear reports or committees, agents or officers heretofore chosen and take any action relative.

Clarence Abare made the suggestion that if the Planning Board was going to make changes in the zoning ordinance, in the future they should do it separately and not group all changes together. Mr. Abare felt that by grouping them together, it was confusing to the towns people, especially if they agreed with only part of the changes.

Meeting adjourned at 10:30 PM.

A true copy, attest;

Raelene Cummings  
Town Clerk
